Home phone: _____ Work phone: _____ Emergency phone: _____

Order reviewed by the school RN _____ Date _____

MEDICATION GUIDELINES

The following medication guidelines are used in Washington County Public Schools. These guidelines enable the school health staff to provide the best possible service to your child.

1. Whenever possible, medication should be given at home.
2. The first dose of all new medication must be administered at home.
3. In order for medication to be given at school, the medication must be accompanied by a properly completed Physician's Medication Order Form.
4. The school nurse will call the prescriber as allowed by HIPAA if a question arises about child and/or child's medication.
5. Medication must be in the original container from the pharmacy labeled by the pharmacist or prescriber. Non-prescription medication must be in the original sealed container with the label intact. It is also important to make sure the bottle has a current expiration date on it. **Staff may not dispense outdated medication.**
6. An adult must bring the medication to school. No medication will be sent home with a student.
7. All medications are kept in the Health Office. The health staff will make every attempt to notify you in advance when your child's medication is getting low.
8. If your child takes medication in the morning at home, it is important to give it at the same time every day. If your child is coming to school late due to an appointment or a delayed school opening, the morning dose should be given as usual because the school dose will be given at the time ordered. **Any deviation from the scheduled time requires a new order.**
9. Antibiotics which are given three times a day are not usually given at school. Please consult your physician before bringing these medications to school.
10. All medication must be picked up by an adult at the end of the school year. NO medication will be sent home with your child.

SELF CARRY/SELF ADMINISTRATION OF EMERGENCY MEDICATION CONTRACT
--

This form must be completed in addition to routine medication administration forms for those students who need to carry medication in order to self administer in an emergency.

1. Student has demonstrated the purpose and the appropriate method and time to administer the inhaler / epi-pen to the nurse.
Please circle one.
2. Student agrees to never share the inhaler / epi-pen with another student.
Please circle one.

For Asthma medication:

- a. Student agrees that after two puffs, if there is not marked improvement, he/she will go to health office.
- b. It is advisable that a spare inhaler be kept in the health office.

For Epi-Pen:

- a. If student self-administers epi-pen, he will immediately have someone notify health office staff.
- b. It is advisable that a spare epi-pen be kept in the health office.

The student may be subject to disciplinary action if he/she does not use the medication in a safe and proper manner.
